

Jam-Packed

Mark Carthew Reviews 'Not Just a Piece of Cake: Being an Author

An excellent writers' resource.

Hazel Edwards draws on her vast experience to share a wide range of 'handy tips' & sage advice for both emerging and experienced authors. With its clever title, flagging the semi-biographical content focus - this jam packed book provides a great read for those interested in a well written biographical yarn, something Hazel excels at. I particularly liked the personal anecdotes, industry insights and practice-led cautionary tales. Written in an accessible style, this book covers a lot of territory; making it is also easy to dip in and out of or go to chapters of specific interest.'
